OCTOBER 1965

MEMBERSHIP MEETING

The October membership meeting will be held at the clubhouse on Wednesday night, October 27, 1965, at 8:00 PM. Jim Ablard who was sent by the club to the University of Maryland Conservation Workshop will report on this course. Let's have a real show of attendance at this meeting. The only way your President and Board of Directors know what you want is for you to come to the meeting and let them know.

WHATS NEW?

On Sunday, October 10, 1965, the "New Grounds Committee", headed by Sonny Brinke met at the new grounds to study the possibilities here. They have secured a Topo of the land, and were able to establish the location for the new clubhouse. The Trap and Skeet ranges (3) were planned and will be adjacent to the clubhouse in a beautiful location. 21 Acres of woodland was set aside for the archery ranges, and Bob Lilly was on hand to help with the plans. The location for the high powered rifle and pistol ranges was selected, and Paul Riffle is in charge of their development. As planned, the new clubhouse and grounds will make a beautiful and functional club which I am sure we will all be proud of.

There is an enormous amount of work to be done on the new grounds, trees need to be cut, brush needs to be removed, nature trails have to be established, and many other jobs too numerous to mention. Many of these jobs are such that the members can "pitch-in" and do them with our labor, saving a considerable amount of money which can be used for details that cannot be performed by the members. We all want to see our new grounds developed, but we can't expect Sonny and his committee to do all of the work. Let's have some volunteers to help them. Sonny will be starting weekend work crews in the near future, and volunteers can work on the area of the club that interests them the most. Call Sonny at JU 5-2691 to offer your help.

Thanks to Paul Riffle, Clint Bowman, Mike Apperti Jr. and many other members, our rifle sighting-in day which was held on Sunday, October 3, 1965, was a real success. 48 men were present to sight in their rifles and of this number, 26 were non-members. Several of these non-members were recruited, and I am sure we will be seeing some new faces around the clubhouse in the very near future.

During the week of October 3, 1965, Roger Bookhultz attended the United States International Trap Team Shoot-Offs at Lachland Air Force Base, Texas. This is quite an achievement to be chosen for the try-outs, and our club should be proud to have members of this calibre. Congratulations Roger.

Ray Jackson shot a "100 Straight" on September 19th, 1965, at an American Trap Association registered shoot held at Conococheague (I can't even pronounce it, much less spell it), Md. Congratulations Ray, keep up the good work.

Hearty congratulations are due Sonny Brinke and Lou Gottleib. Sonny broke "25 straight" in trap and Lou broke "25 straight" in Skeet this month at the club.
