RANGE AFFAIRS - - Some Members are continuing to abuse Range privileges by failing to comply with Range regulations and emergency directives, ie, pertaining to closing the Range road. This type of activity has promoted serious consideration for restricting the Range use to scheduled periods under the direct supervision of a Range Officer.

We have striven to maintain the open use of the ranges with members policing Range activities on an informal basis, thus providing good protection of the Chapter property with the least restrictive requirements. This does not appear to be working and increases the Chapter liability exposure. We need your immediate help in preventing this unnecessary exposure and restriction in Range use.

The next Range Cleanup Day will be January 31, starting at 10:00 am till.
